

# FORM FIT HOOD PROTECTOR

Nissan Maxima 2004 - 2006

HD 13E 04

Thank you for purchasing a FORM FIT hood protector.

## Care Instructions

- Clean the protector with a mild soap and water solution or plastic cleaner only.
- Periodically check to make sure all the hardware is in place and the protector is secure.

## Attention!

Do not use chemicals or solvents. Avoid using automatic car washes. Do not pull on the protector when opening or closing the hood.

## Hardware Kit

## Tools Required

## Installation Instruction

1. Be sure that the hood is clean and dry inside and out. Release the hood, but do not open it.
2. Install the bumpers as shown in *Illustration #1*. **Attention: The bumpers must be installed on the hood, not on the protector!!!** If the bumpers are installed on the protector, they will wear through the paint.
3. Center the protector on the hood, resting on the bumpers.
4. Peel and fold an anti-abrasion film pad in half over the edge of the hood, underneath each of the lower two (2) holes in the protector. See *Illustrations #2 & #3 - Step 4*.
- 5a) Place a clip over each of the anti-abrasion film pads on the edge of the hood as shown below in *Illustration #3 - Step 5a*.
- b) Insert a pin through the protector into each of the clips. See *Illustration #3 - Step 5b*.
- c) Place a nylon washer onto a #6 x 5/8" screw, then insert the screw through an 'L'- bracket and into the clip. See *Illustration #3 - Step 5c & 5d*.
- d) Make sure all the components are well seated together; the protector is centered on the hood, and then tighten the screws into the clips.
6. Repeat steps #4 and #5 for the other two (2) holes.
7. Place the remaining two anti-abrasion film pads on the bumper cover directly below the clips - See *Illustration #2*.
8. On some vehicles it may be necessary to adjust the hood bumpers and/or latch for proper clearance.

**Note: Do not pull on the protector when opening or closing the hood.**
